<b>Warren Coolidge '22</b>		6'8 212	Carver High	South Central Panthers	(681) 301-9133	warren.coolidge@gmail.com	Janeene	3.71 GPA -
		Strong post presence, fluid around the rim. Ability to play face up from about 15 feet and in right now, puts the ball on the floor and uses angles as well as height to score it. Extremely hard worker with a soft touch, willing to make the hustle plays. Seen multiple times - hard nosed kid that makes shots, working on expanding range, potential to be a Prototypical stretch 4, quick release and soft touch. Playing well at the right time could change his recruiting drastically this summer Has an upside and has shown a desire to accelerate progression ....First #SCENE with Montgomery.						
<b>Mario Pettrino '21</b>		6'1	Montgomery	Top Jamz	(747) 682-2677	Diditbig21@yahoo.c	Charles	2.9 GPA
		Shots fired!!! Lights out shooter. All around hooper with a desired skill. High quick release, makes shots against elite defenders						
<b>Butch McCrae '21</b>		6'3 205	Truth Academy	Derio Basketball Club	(279) 332-9823	bluechips17@yahoo.com	Brooke	3.0 GPA -
		Shooter - literally a hired gun!! Wing with an understanding of the game. Knocks down shots consistently from deep, open looks drop threw the net at a high rate from all over the floor. Father played at Indiana. Can shoot it against the best athletes in the nation, doesn't pass the eye test and then you watch the game. Catch shoot need? Problem solved!!! - highly functional in all other areas...

		<p>Exceptional athleticism, high level basketball player - quick burst, explosive, understands attack/downhill as good as anyone I seen. Over past few years, I've seen him as a front runner-things going well he is a <b>phenom</b>, shit hits the fan tendency to display negative energy nothing outlandish just overall body language and demeanor issues that make me question his ability to stick at his "ceiling" schools... Walk in day one and struggle now what... without that growth over the next 12 months if I'm his advisor I would steer him toward a school with a NEED. Big gap here for me (4-6 ranking) ... Worth a Mid Major scholarship in right situation now don't know if its me! You have to love him I think for it to work, I love him in the NEC, MEAC.</p>						
<b>4 -5</b>								
<b>Neon Boudeaux '21</b>		6'7 190	Archbishop Carroll	K-Low	(877) 721-7171	<a href="mailto:shaq@bluechips.org">shaq@bluechips.org</a>	Reggie	3.8 GPA
		<p>Long rangy athlete, eats on athleticism. Skills catch up to raw physical attributes and Houston we have a problem for opponents. But the facts are its all potential at this point. Shines on the defensive end of the ball, in passing lanes and blocking shots... leading to transition offense where he is an x-factor. Half court synergy and fundamentals need improved to reach potential. Type of kid you develop and the big boys swoop in and steal tho' Room for a lot of growth</p>

<b>Morris Thorpe '22</b>		6'6 220	NE Prep	Tomorrow's Stars	(997) 516-4966	<a href="mailto:whiteshadow@tvsho.w.edu">whiteshadow@tvsho.w.edu</a>	Melvin & Eljima	3.0 GPA
		Below the rim wide body, that continues to improve and expanded his game. Effective shot blocker, high motor and competes. Great pick-up from winning program and you know he has been coached.						
<b>Abner Goldstein '21</b>		6'4 170	Bishop Gardineir	NO Cap Hoops	(412) 360-7777	Abner@whiteshadow.com	Julie	3.95 GPA
		Lefty wing, excels in transition... Good athlete, streaky shooter, needs to add strength. A year of prep could jump him a level. Thoughts: Increase in level of competition would jumpstart his at times questionable motor from being able to coast. Added muscle mass and overall increase in skills with basketball focus could be beneficial in this instance.						
<b>2 - 3</b>								
<b>Whit Boyce '21</b>		6'5 194	Red Sand	TB Fire	(888) 755-0022	<a href="mailto:dxon35i5m865ad654axwm3sv00@">dxon35i5m865ad654axwm3sv00@</a>	Nedra	2.32 GPA -
		Undersized 4, active around the rim, scores below rim, uses body well effective from the short corner-ft line in. rebounds and defends with a <b>passion</b> . Physically just different. PSAC Frame right now with a level of progression that will need to accelerate to have impact at that level. Would enhance a D-II practice right now prior to sr. summer. Probably a long shot here for a three but type of kids you win titles with if you can pull it off.						
<b>Birdie Shakur '21</b>		6'7	Hardknocks Prep	Birdmen		<a href="mailto:2pac@Abovetherim.org">2pac@Abovetherim.org</a>		
		Tough around the glass, presence felt at both ends of the floor, continues to increase offensive productions. Uses size and length to disrupt the opponents flow at the defensive end. Ability to get into passing lanes, defend on perimeter and block shots. Not sure he could move to the wing in DII but worth a prospect day invite... he looks like an ALL League DIII big. A tournament bound type athlete.

<b>Clarence Trygee '21</b>		6'7 190	Southern HS	Team Frizz	(949) 775-5004	<a href="mailto:andre3000@outcast.com">andre3000@outcast.com</a>	Siafa	4.0 GPA
		A rim protector, weak-side or on the ball. Athletics and size (more growth?) make him worth a D-II eye, in the end who knows...12 month and maybe a prep year and you have a player. Most effective right now around the basket. Can play 10 feet and in facing up. Good timing on blocks and rebounds, gets ball at highest point. Depending on situation, if I'm in the PSAC I would like to know financial situation, maybe a kid to consider if basketball monies aren't impacted. Can he make a roster yes, can he get you a win probably years away.						
<b>Milton Reese '21</b>		6'6 200	Carver	D-up Stars	(778) 849-1468	<a href="mailto:mreese@gmail.com">mreese@gmail.com</a>	Sha'Lane	3.29 GPA
		Skilled wing, stays on the attack, lives in the passing lanes...using length and athleticism to impact the game at both ends. Capable or scoring the ball from deep and finishes above the rim. At a Div-II school, I am laying eyes on him this summer and tracking progression closely next winter season. He should make that leap and early bird gets the worm.						
<b>2 - 3? (flashes only)</b>								
<b>Marty Wuhl '21</b>		6'3 178	Members Academy	Breakbred	(766) 645-7757	<a href="mailto:wuhlm0322@mcd.k12.pa.us">wuhlm0322@mcd.k12.pa.us</a>	Lakia	2.87 GPA
		Good athlete, shoots the very ball well...deep ball is more set shot than jumper but consistently makes long shots. Does have excellent elevation off the bounce on midrange (jump) shot Skilled with the ball in his hands, able to use length and speed to get into the paint. Slashing/Scoring type... Forces the action occasionally at the offensive end. Capable of being an elite defender, played for winning HS program. I tend to think most days he is a PSAC kid.						
<b>Chick Deagan '21</b>		6'8 176	Denver	Showtime	(333) 354-9161	<a href="mailto:chickdeagan@student.denver.org">chickdeagan@student.denver.org</a>	Karen	3.32 GPA
		Athletic late bloomer, above the rim abilities with an expanding game. Very good in transition and slashing. I wouldn't place a bet against him blowing up on HGSL (Hopefully we play) could be low balling here...ceiling to jump to a 5, last SCENE in 2019...Potential is an ugly word... right now, I'd have question marks in the grown mans PSAC. Is he skilled enough to overcome the physicality.

<b>James Bandillo III '21</b>		6'5 196	O"Conner	Cuban Link Elite	(726) 161-4148	<a href="mailto:msbandillo@icloud.com">msbandillo@icloud.com</a>	Madusu	3.32 GPA
		Speed, Size and Athleticism. Showed flashes of being able to impact the game at Elevate (July 19) Football standout, with a high motor and raw athleticism. I could have projected him with outside shot at D-II as a rising junior...Natural Level of progression offensively would need to pick up... A lot can change in a year, haven't seen in a while... definite D-II Prospect Day guy. Some other prospects are ahead now but don't have the same ceiling.						
<b>2</b>								
<b>Daryl Coleman '21</b>		6'6	Bellvue Park	French Lick	(939) 419-3723		Leatrice & Daryl, Sr.	2.89 GPA
		Daryl is a DIII hidden gem, raw DII wingmen size and length with room to develop into very good player. His rubber band has not yet begun to be stretched, in the right setting, I could see him blossoming. He has 1000 points entering his sr year and can really shoot the rock. He must get stronger, especially hips/explosion for recruiting to increase. I project his as a quality second/third scoring option at the D-III Level, with the ability to defend multiple positions.						
<b>Rick Roe '21</b>		6'6	Lower Barths	NorthSide Pride	(343) 178-2382	<a href="mailto:bluegrey@verizon.com">bluegrey@verizon.com</a>	Kirsten	3.38 GPA
		Caleb is an energy guy, heart and soul on the floor... a workhorse. The type of kid you want on your team. Hardest worker in the gym. Athletically passes the eye test, but doesn't jump off the charts with any one skill. Proficient or better in every aspect.						
<b>Shep Robinson '21</b>		5'11 190	Fredrick Prep	Bombers	(414) 012-8475	<a href="mailto:shep@comcast.net">shep@comcast.net</a>	Cindy	3.8 GPA
		Stocky strong highly skilled lead guard, sensational passer with ability to use first step, fundamentals and strength to get into the lane. Excellent vision and feel for the game. He has a lot of intangibles I want from my Point guard... drawbacks average speed and height. I am thinking more 5'11 than the listed 6'1						
<b>James Hayward '21</b>		6'4 186	Houston HS	Ballers	(443) 964-0674	<a href="mailto:jhayward@yahoo.com">jhayward@yahoo.com</a>	Phil & Lilly	3.86 GPA
		Athletic above the rim finisher, overall game has matured... often best athlete on the floor. excited to see progression summer 2020...Elite Athleticism ... Not sold can play DII but wouldn't be surprised if progression was made.						
<b>De'Andre Mackey '21</b>		6'3 170	Kennedy	JJ Trojans	(208) 602-3097	<a href="mailto:jdkhertz@yahoo.com">jdkhertz@yahoo.com</a>	Lewis	3.8 GPA

First Name	Last Name	HT/WT	High School	AAU	Phone	Email /	Parent(s)	Notes
		Highly skilled 6'3 possibly 6'4 wing... Lights out shooter, ability to create his own shot. Aggressive and efficient. Skill set screams gym rat, compete for minutes the day he steps on campus.						
<b>Kyle Lee Watson '21</b>		5'9 156	Washinton	Rebels	(734) 326-8698	<a href="mailto:honornbaprone@gmail.com">honornbaprone@gmail.com</a>	Carlton	3.5 GPA
		Dont be fooled by this little stature... Huff comes up big against top-flight elite competition. Consistently shot the lights out against scholarship guards in the GAC. Luck follows speed and he doesn't lack quicks... especially that machine gun release of his. Seen him make 10+ threes in high high level games.						
<b>Lonnie Parker '21</b>		6'3 165	Palmerville	Birdmen	(734) 326-8698	<a href="mailto:lonnie.parker@gmail.com">lonnie.parker@gmail.com</a>	Martin * Maggie	3.71 GPA -
		Soon as I SCENE him tucked away in the Lehigh Valley, I thought he was a hidden gem... his athleticism stood out over very mediocre competition. His court sense, vision and overall feel for the game was strong but maybe overlooked because of his above the rim finishes and bust into passing lanes. Excited to see his summer against increased competition. I suspect I will see much of the same.

<b>Jackie Monday '21</b>		6'1	Wortham Academy		(798) 233-5455	<a href="mailto:mondayj@dogpile.com">mondayj@dogpile.com</a>		
		Very good shooter, impact player at the defensive end of the floor, very long arms, lives in the passing lanes and extremely effective contesting shots. Excellent elevation on his pull up... plays a little bigger than 6'1.						
<b>Merle Poole '21</b>		6'1 168	Jefferson	South Central Panthers	(662) 340-4672	<a href="mailto:merle.pool@gmail.com">merle.pool@gmail.com</a>	James	3.5 GPA
		Plays the point with poise and confidence, made shots consistently at the 2017 COBL event. Hip injury sidelined sophomore campaign. Came back strong in 2020. Defends position extremely well.						
<b>Wardell Stone '21</b>		6'4 210	Williamstown	Outlaws	(118) 810-9355	<a href="mailto:mek332291@yahoo.com">mek332291@yahoo.com</a>	Shameka	85.69
		Div III small ball 4-man, able to shoot the ball or get to the rim. Physical and athletic enough to defend several positions. Has a tendency to want to be a play-maker. Very nice piece when not in love with his own shot.						
<b>Nathan Cook '21</b>		6'4 174	Valley	Supreme	(860) 761-7408	<a href="mailto:xcookx@snyderelectronic.com">xcookx@snyderelectronic.com</a>	Todd and Natalie	4.1 GPA

		Ability to score the ball consistently as Sophomore in the PCL. 2019 -Witnessed huge shot against Imhotep in District 12 AAAA Final. Intriguing prospect because of his size, shot making ability and you know he has been through the wars with some of the nations not just states best HS guards. Had a strong summer going into junior year, and we look forward to seeing him this summer.						
<b>Moses Guthrie '21</b>		6'3 154	Capital	JWilliams	(558) 460-4567	<a href="mailto:guthrie733@render.org">guthrie733@render.org</a>	Stan	3.95 GPA

		Listed at 6'4, I thought 6'3 was a stretch... Kid can really shoot the ball. Stretches defenses, ability to spot up moving at top speed up the floor and pop the long ball. Able to put it on the floor enough to keep the Defense honest. Will show well at a D-III prospect day. Worthy of a look...						
<b>Kambic Fedor '21</b>		6'2 182	Cambellville	D-Up Stars	(411) 772-4200	<a href="mailto:dup5@gmail.com">dup5@gmail.com</a>	Kevin & Suzie	3.7 GPA
		Thick, strong guard... Pure knock down shooter, solid decision making out of the pick & roll, ability to go get you a bucket when things breakdown. Instrumental in 2019 Haverford State Title run as roll player and more when needed. Increased production in 2020. Worth a look...

		Defense is by far ahead of offense. Lengthy, wingspan and stride. Looks to project as a rim running big, lacks the physical strength to impact a D-III game today but demonstrated some attributes that would make practices competitive.						
<b>Luke Cage '21</b>		6'1 164	Jefferson	Orange Crush	(412) 656-7108	<a href="mailto:jrburtonjr2003@gmail.com">jrburtonjr2003@gmail.com</a>	Raneisha Rice	3.8 GPA

		Small guard, solid high school basketball player potential prospect day filler and full payer / locker room guy						
<b>Tyler Charles '21</b>		6'5 242	Dolesburg	Eastern Hoops	(521) 890-3719	<a href="mailto:hoops1015@gmail.com">hoops1015@gmail.com</a>	Elle & John	3.2 GPA
		6'5 is still 6'5, good anticipation average athleticism did rebound his position against often marginal talent. Invite him to Prospect Day
